Weyerhaeuser Names Administrator

We are very pleased to announce the appointment of Les J. Hoven as Human Resources Administrator for Weyerhaeuser's planned Grayling, structural flakeboard mill. In his new capacity Les will report organizationally to Tony Moore, Structuralwood® Project Manager and functionally to Paul LaVaway, Region Manager, Human Resources and Communications.

A native of Zumbrota, Minnesota, Les received both a Bachelor of Arts in Economics and a Master of Arts in Industrial Relations from the University of Minnesota, Minneapolis. Most recently Les has been Employee Relations Supervisor for Eaton Corporation's Greenville, North Carolina manufacturing facility.

Les will be located at Weyerhaeuser's Corporate Headquarters, Tacoma, Washington as a member of the Structuralwood® Project Team. He will transfer to Grayling, prior to start-up of the new facility, currently planned for the second quarter of 1982.

Off The Police Blotter

Sheriff's deputies responded to 59 complaints over the past week, twenty alone occurring over the weekend.

Breaking & entering topped the list again in terms of volume, 15 reported over the 7 day period. Deputies answered seven property damage calls and a like number of disturbances were reported. Other calls ranged from malicious destruction of property (5), larcenies (4), unlocked doors (3), DWI, marine violations and assault and batteries (2).

An accidental shooting occurred, one felonious assault was investigated and an obscene phone call reported. Trespassing, lost hunters and attempts to locate round out the police blotter.

Sheriff Joe White cautions all court house visitors to observe the reserved handicapped parking spaces adjacent to the county building. These are especially reserved for those in need, said White, who warns drivers who ignore the warning signs that citations will be issued to violators.

Booster Club Annual Party Oct. 11

All interested Citizens are invited.

College Night Program at Kirtland

Kirtland Community College's Student Services Division is proud to announce that it has been given the privilege of hosting a College Night program for the surrounding communities.

Junior and Seniors from eight high schools, and their parents, will be given the opportunity to speak with representatives from over 30 Michigan colleges and universities. The eight high schools participating in this event are: Fairview; Grayling; Hale; Houghton Lake; Mio; Ogemaw Heights; Roscommon; and Whittemore-Prescott. Representatives from the various branches of the military will also be available.

The Kirtland Community College-College Night will be held on Tuesday, October 7, 1980, from 7:00 p.m. until 9:30 p.m. Students should contact their high school counselors for further details, and Mrs. Pat Zielinski at Kirtland Community College at 275-5121, ext. 251.

March of Dimes Walkathon

Because of non-participation and lack of interest in the past couple of years there will NOT be a "March of Dimes Walkathon" held in Crawford County this year.

However, there will be a "Walkathon" conducted in Roscommon on Saturday, October 4, 1980 and Mary Scott will be in charge of the event.

A few people from Grayling are still interested in participating in a good cause for their community and they will be walking in the "Walkathon" in Roscommon and proceeds from that walk will be credited to the Northeast Chapter of March of Dimes which includes Crawford County also.

Won't you please stand behind those few from Grayling who will be walking in the 15-mile Walk and take just a minute to call one of the phone numbers listed below for more details on how you can make a pledge to help fight birth defects in your area? Thank You.

Heart Lake Transfer Would Hurt Local School District

by Jon Thompson

Crawford-AuSable Schools may lose more than \$25,000 a year in tax revenues if a petition by 69 property owners near Heart Lake in Otsego Lake Township asking this area be transferred to Gaylord Community Schools is approved.

The intermediate school boards of the two school districts, Crawford-Oscoda-Ogemaw-Roscommon (COOR) and Cheboygan-Otsego-Presque Isle (C.O.P.I.), will hold a special meeting with the

petition signers and other concerned citizens on Wednesday, October 1, 8 p.m., at the Grayling High School library. Each board member of C.O.O.R. and C.O.P.I. will have one vote if a vote is necessary to decide if the property transfer should be allowed.

Charlotte Schotte, 1312 South Heart Lake, who submitted the homeowners' petition to C.O.O.R. on August 26, said the main reasons for the petition are the proximity of Gaylord to Heart Lake and residents in

that area identified with Gaylord, not Grayling. "Our mailing address is Gaylord, our telephone number is Gaylord, everything is Gaylord," said Schotte, a teacher at Gaylord St. Mary's. "Gaylord is ten miles away and Grayling is 17 miles away. It doesn't make sense for us to go one way and have our children go to school in another direction."

Currently in the south Heart Lake area affected by the petition, seven children attend

Gaylord St. Mary's, a private school, four children already attend Gaylord public schools, and one child attends Crawford-AuSable schools.

Approximately half the property owners on the petition are non-resident owners. William Diedrich, Superintendent of Crawford-AuSable Schools, said if his school district loses tax revenues from the Heart Lake area, which had an estimated value of \$750,000 in 1978 and may be worth \$1 million now, every child in the

Crawford-AuSable school system will suffer from the cuts that will have to be made.

"The amount of money we stand to lose each year translates to two full-time teaching positions or half of our athletic program," Diedrich said. "We've already cut our programs and services to the bone this year in an honest effort to stay within our budget. Any additional cuts would be extremely harmful."

Shrinking enrollment, lower tax revenues than expected,

and an executive order by Governor William Milliken cutting \$30,000 from state funding this year has already put Crawford-AuSable Schools in a precarious position. The Heart Lake property transfer and a possible additional cut in state funding would mean layoffs in teaching positions, reductions in transportation services, and cuts in programs that would hurt the students, Diedrich said.

Lack of Funds May Deter Winter Road Maintenance

Michigan motorists have been warned by Earl Rogers, Engineer-Director of the County Road Association, that driving during the approaching winter may be more hazardous.

Snow plowing and salting of roads will be cut back in many counties due to dwindling funds, Rogers explains.

"County road commissions will receive 11 percent less motor fuel and license plate revenues this year, but operating costs still are rising due to inflation," Rogers said.

"As a result, counties may have to reduce winter road maintenance by decreasing snow plowing and salting or sanding, particularly if over-time is required."

"Many counties hope to provide the same service as last year, but the caliber of road See Winter on Page 12

As every Graylingite knows there are a lot of Feldhausers in and around Crawford County ever since the first Henry Feldhauser and his wife Caroline homesteaded out North Down River Road near Wakeley Bridge Road in the last of the 19th Century.

The clan had an Annual Reunion in late July and there were almost 150 persons on hand to celebrate including the sixth generation.

Henry and Caroline had eleven boys and one girl. The girl Emma Feldhauser Knibbs lives at AuSable Acres, as does the oldest living Feldhauser—Arthur by name, but always called "Archie". Archie is 91, and everybody knows his wife, June, who has been Mrs. Music in Grayling for her piano and choral work for ages.

And Edna Feldhauser, the widow of the youngest Feldhauser son—Paul—and it is about Edna that we want to reminisce about in this little essay.

Paul, naturally, was raised to be a farmer as the Feldhausers were very successful farmers, but he had a varied career instead. He was a huge man, weighing well over 400 pounds.

In his time he was cook, carpenter, caretaker, and for many years, at the end of his career, the bartender at the

State Proceeds With AIS Home Development

The North Central Michigan Health Services Board decided at its last meeting to proceed with AIS (Alternate Intermediate Service) Homes as planned. This will include four homes in for the developmentally disabled in Crawford County. Construction of the homes should begin sometime in November, 1980, with occupancy expected in February or March of 1981. Each home will become the residence for six developmentally disabled persons.

The Board confirmed its intent to proceed with the homes to the Regional Office of the Department of Mental Health after reviewing both positive and negative feedback about the program as a whole and in relation to specific site location.

The location of the homes in Crawford County include a site in Frederic Township, and, one site in each of the following subdivisions of Grayling Township:

Redwing Terrace, Sherwood Forest No. 2 and Clough's Highland Acres.

The Board wants to particularly thank all who took time to express an opinion about the home development effort. The decision to proceed was made with an absolute and total commitment to neighbors of the homes that they will be good neighbors.

The primary benefit of the homes will go to 18 adults and six children who will be released from a state institution for the developmentally disabled. The opportunity to live in a residential setting and the possibility of participating more fully in community life would not exist without the homes.

The homes do, however, also offer benefits to the community at large. Each home will pay local property taxes, offer employment to Crawford County residents, and purchase services and goods from the local community.

Adult Foster Care Public Hearing Held

by Jon Thompson

Rules covering discipline for residents of adult foster care homes prompted the biggest response from the more than 50 persons attending a public hearing on administrative rules for adult foster care family homes conducted by the Michigan Department of Social Services, Friday, September 19, at the Holiday Inn in Grayling.

Barbara Selesky, of the Timberview Village adult foster care home in Frederic, urged a

DEDICATE KCC AVIATION FACILITY—Lt. Governor James Brickley makes a point during Dedication Ceremonies held last Saturday at the Kirtland Community College Aviation Facility in Grayling. Brickley delivered the keynote address while on a three day swing through northern Michigan which included a stop in Roscommon Saturday morning.

Other participants in Saturday's dedication included, seated (from left): Rev. Paul Weber of Mt. Hope Lutheran Church, KCC President Raymond Horner and Bernie Fowler, Grayling Township Supervisor.

Planning that dates back to 1973 became a reality this fall when the expansion program was completed, upping the aviation maintenance student enrollment at the facility from 30 to 70 students. The addition measures 7,600 square feet.

Special recognition Saturday was given to Roger Rehberg for his efforts on behalf of the facility. Rehberg is Director of the Upper Great Lakes Regional Council. (Joe Schrader photo)

School Board intends to appeal to the State Board of Education and even go to the courts if necessary to keep the Heart Lake area in the school district," he said. "We're a land-poor school district and we can't afford to lose any of our tax base. When we built the new Frederic school and the new high school, we counted on tax revenues from Heart Lake."

Diedrich said it was important for persons from the Crawford-AuSable School District to attend the special meeting because every child in the school system would be affected by the loss of revenue. Anyone with relevant comments on the property transfer request will be allowed to speak at the meeting.

As fall weather approaches and poaching activity begins to mount, the DNR air patrols will increase. But effective law enforcement still depends largely on cooperation from local citizens. The public can report poachers by calling the Department of Natural Resources toll-free 24-hour law enforcement hotline, 1-800-292-7800, your local conservation officer, or local DNR District or Regional office.

Paul married Edna Wythe who was born in Grand Ledge in 1899. When she was 18 Edna and Paul were wed and they were happily married for 52½ years when he expired ten years ago.

During their lifetime, Edna and Paul were blessed with nine children, and, today, Edna can account for 86 offspring of their union.

Edna knows the river well. She has lived in Grayling since 1918. She and Paul worked at Twin Pines Lodge as caretakers, and at the A.J. Wilson's place, now owned by the Batesons.

In 1972, a few years after Paul's death, Edna came to live at AuSable Acres and became part of the Senior Citizens Center. She loves the trips originated at the Center, plays drums in the Kitchen Band, takes part in most of the Center activities, and loves to peddle her tri-wheeled bike around town with the Center's Biker Group.

But listen to her words: "I am happy here at the Center. Years ago when people got old they were sent to the chimney corner or to the poor house. Now we oldsters don't have to endure that."

"We have a Center like this and it is wonderful. I am very happy here. We have so many things to do. I belong to the bicycle club; I belong to the Kitchen Band; and we have just marvelous times."

"There are so many things to do that you never get up in the morning and think: 'What am I going to do with myself today?' There is always something to do here, and you are never alone! There is always a neighbor right near you. It is just wonderful here."

You can be confident that Archie, and June, and Emma all echo Edna's feelings, for they have all found so much to share, in companionship, friendship and the mutual activities that add interest and meaning to their lives at the Center.

If YOU are lucky and live to be a Senior, pray that there will still be a Senior Citizens Center in Grayling to add joy and interest to your life, so you can be as fortunate as these Feldhausers.

Spoil Homecoming, 14 - 0 Ramblers K.O. Vikes In Home Opener

by Joe Schrader

Boyne City's 2-0 mark may have been suspect last week, but the Ramblers removed all doubt Friday night as they ground out a methodical 14-0 win over the Vikings to spoil Grayling's Homecoming week and the team's home opener.

It was a tough loss for Head Coach Bill Klinger's squad, dropping Grayling's overall record to 1-2 while the Rambler win streak stretched to three in a row.

The Vikes head north to face a tough Cheboygan squad this Friday. The Chiefs crushed Rogers City last week to remain an odds-on favorite in the race for this year's league title.

Things were not all bad on the local scene, though. JV coaches Fred Wolcott and Chuck Spencer led their team to a 30-6 win over Rogers City here at home on Thursday, the team's first victory of the year. The Hurons were standing in for Boyne City who failed to field a team for Thursday's contest.

"Our defense played well all night long," Klinger commented after Friday's loss, "but they just wore us down towards the end." The Ramblers racked up 231 yards offensively to thump the Vikes, pushing across TD's in the 2nd and 4th quarters.

After a scoreless 1st period, Boyne City got on the board with 9:36 remaining in the half when QB John Tompkins threw an 18 yard scoring strike to Art Clute. The score came two plays after defensive back Kerry Kruzel picked off an errant Viking pass deep in Grayling territory. "Boyne City had two key plays that hurt us," Klinger continued, "two interceptions that led to both their scores." A 2-point conversion put the Ramblers on top, 8-0.

The second interception came midway through the last quarter and killed a Viking drive that was beginning to generate some steam at midfield. Fullback Benjie Williams plowed up the middle for the final eleven yards and the Ramblers had all they needed to spoil the evening for the large Viking crowd which had gathered for the Homecoming.

Grayling's offense was stymied all night long by the out-sized Rambler defense, who repeatedly thwarted Viking ef-

forts to avert a shutout.

Grayling's only real threat of the night came in the waning moments when Junttila found receiver Scott Hale open on the Rambler 17. Two short passes to Billy Roach took the ball to the Boyne City 7-yard line but it all ended there when Boyne City's Tom Thompson picked off a Junttila pass in the endzone with just 24 seconds remaining.

"I figured whoever scored first would win the game," is how Coach Klinger put things into perspective when it ended. He was right.

TAGGING THE VIKINGS: QB Junttila was 10 for 26 for 93 yards against the Ramblers. Roach hauled in seven for 37 yards, Scott Hale one for 45 and Dan Lucksted, two for 11 yards.

Lucksted led the Vikes on the ground with 34 yards in six carries.

Brad Trenary led the Viking defense with 15 tackles. Lucksted and Craig Collen were in on 10 apiece, Paul Brackenbury and Ted Methner, 9, and defensive back Jamey Radebaugh had eight.

Klinger, who lauded his defensive unit, praised defen-

sive ends Roger Weatherly and Jack Money, tackles Joel Money and Wayne Metzger, and middle guard Steve Allen for their play. Chris Conklin and Billy Williams came off the bench to provide needed help, Klinger added.

Dan Lucksted picked off a Rambler pass in the first quarter to stop an early Boyne City drive.

Senior Pam Tobin was crowned Grayling High School Homecoming Queen during halftime ceremonies Friday night-Billy Roach was named King.

The GHS Marching Band provided entertainment at halftime under the direction of Robert Harris. So did the GHS cheerleaders, who wowed the crowd with their lively halftime routine.

Klinger promised that the Vikes would be ready for Cheboygan on Friday. They better be, the Chiefs will be gunning for their 4th win in a row this year and some added attention in the Class B polls.

From Our Corner ...

"I'm not mad, I'm just furious, that was the statement made by 6 year old Jordan Stencil, as he waited in front of the Nickelodeon for the Grayling High School Homecoming Parade to come by, and found out the parade came down Peninsular from the middle school and turned up Michigan toward the football field...

We're not mad or furious, just a wee bit perturbed that the parade didn't follow the pattern of those this summer...people were in the dark after we had printed in the paper that the parade would start at the County Building...not knowing of any change so that we could verbally tell those people who asked us just prior to the parade what was going on...

There were also merchants asking the same question, and we had no answer...they noted that parades bring crowds, and crowds bring sales to many of them...

We don't know the reason for the switch...but if it was for tying up traffic at the light that is quite absurd...with at most eight units in the parade counting floats and bands, the parade wouldn't have closed traffic over 10 minutes...the high school students should have as much chance to show off their work on floats as those during the summer parades, which the homecoming parade couldn't hold a candle to length...

We like parades...this is possibly why we were a bit perturbed...seeing as how we missed it just like Jordan did...

After opening our mail Monday morning we found that we forgot to mention one other thing concerning Letters to the Editor...we received a letter Monday stating that evidently their letter to us last week didn't merit printing...the problem is, we do not print letters that we receive the first part of the week, in which this was the case of this letter...the letter in question appears in this week's edition...in fact we received two letters Monday, the other one wasn't quite perplexed because their letter didn't appear either...when there is nothing timely in letters, we sometimes hold them over for a couple weeks, depending on the space and other news items...we hope this clarifies the position taken by the newspaper...

Friend Irv, Railroadman Retired, without his dog Zang, also retired, paid a visit to the office Monday to inform us he was working up a deal where by the fellows who participated in the Roast for Da Judge could meet and listen to the tape of the evenings fun...that way he said we could set down over a couple orange pops and listen to and laugh at our own jokes...things like this must be what keeps a retired person out of mischief...if that is possible for Irv...

Monday turned out to be visitors day...after the retiree left, Bob and Eva Strong, former owners of the Avalanche dropped in to look over our new facilities...while they were here Wayne Clark, field rep for Eastern Michigan Tourist Assn., dropped in for one of his frequent visits to Grayling and the surrounding area...

We were talking to a Lake Margrethe resident Sunday and they were asking if we had any idea when the railroad people would be in so that the crossing could be finished...they mentioned with all this rain we are having, the detour at times is worse than the way the tracks were originally, (and that is saying quite a bit), at times when they were on the detour they were afraid to take their foot off the brake for fear of going to fast...all the rain we have had we're certain has had to hold up most of the progress...have faith...it certainly can't last too much longer to have a nice smooth crossing of M-72 one of the Grayling's main arteries to and from Traverse City and the Land of Lakes mecca to the west of us, that is used the year around by tourists and travelers...We drove by the crossing Monday morning and are happy to report the work crew is starting to put the finishing work on the tracks.

We received a short note from Sheriff Joe White pertaining to parking at the County Building...seems like people are disregarding the no parking areas for the handicapped, he said if unauthorized persons used the zones they would be ticketed.

This just about takes care of this week's turkey...we are still looking for those nice fall days (without rain)...if they don't hurry up we will only have October before the frost is on the pumpkin...have a nice weekend...

The Bible Speaks

From Calvary Baptist Church

WHY DO GOOD PEOPLE SUFFER?

All of us have had occasion to wait beside the sickbed of a dear friend or close relative and meditate upon the subject of today's article. Some people become bitter and cynical toward God. Others become depressed and despondent toward life. The Bible gives us many blessed and hopeful answers for suffering.

1. The righteous suffer to silence the accusations of Satan. Read the first two chapters of Job and you will see that God permitted Satan to take Job's wealth, his family and finally his health to prove to Satan that Job was a choice servant of God. Job's suffering was because he was the most righteous man upon the earth, (Job 1:8), and God used this saint to silence the lies of Satan about God's saints. What a noble reason to suffer.

2. The righteous suffer to bring glory to God. When Jesus heard that his good friend

Lazarus was sick He said, "...This sickness is not unto death, but for the glory of God, that the Son of God might be glorified thereby." (John 11:4). Just as Job was God's choice servant, so also, Lazarus and his sisters Mary and Martha were choice friends of Jesus Christ. Jesus waited until Lazarus had been dead four days before he arrived and raised him from the dead. To suffer for the glory of God is noble.

3. The righteous suffer to bring them to a higher level of purity. Job said, "But he knoweth the way that I take: when he hath tried me, I shall come forth as gold." (Job 23:10). Gold is a most valuable metal even before being refined. God sometimes takes His most choice saints to purify them through suffering to a more excellent pattern.

4. The righteous suffer to conform them to the image of Jesus Christ. "For whom he did foreknow, he also did predestinate to be conformed to the image of His Son, that he might be the firstborn among many brethren." God saved us to conform us to the image of His Son. This is impossible without suffering. "But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God should taste death for every man. For it became him, for whom are all things, and by whom are all things, in bringing many sons unto glory, to make the captain of their salvation perfect through sufferings." (Hebrews 2:9, 10). If sufferings were necessary to bring Jesus to maturity as a person, how much more is suffering necessary for us? "For in that he himself hath suffered being tempted, he is able to succour them that are tempted." (Hebrews 2:18). We must suffer before we can effectively minister to the suffering. (Continued next week). (Adv.)

Small Bus Rodeo Held

Saturday, September 13, 1980, the Michigan Department of Transportation and the Michigan Public Transit Association co-sponsored a Small Bus Rodeo, held at Longs Convention Center in Lansing. This was the fifth year for this event.

Betty Failing was Crawford County Public Transits participant for this year. She made a very good showing out of the 38 systems that participated.

The Rodeo was held on a Saturday for the first time making it possible for more people to attend and cheer their drivers on. There were 13 employees of C.C.P.T. that went down to cheer Betty on.

The participants were judged on a written test, pre-trip inspection of their bus and their driving skills.

Jazz Band Leader at KCC

On Friday, October 3, at 8:00 p.m., Maynard Ferguson, jazz band leader, trumpet player, and composer will appear in Kirtland Community College's auditorium. Ferguson is the first concert headliner of Kirtland's Entertainment 80-81 series. His music, appealing to both older jazz fans and younger audiences blends jazz sounds of the past with contemporary rhythm.

Ferguson, a Canadian, has appeared in this country since the late 40's. For three years he was the name artist with Stan Kenton. He astounded audiences then with his technique and facility for high notes. Ferguson continues to astound an even wider range of listeners with his new contemporary sound. His recent Columbia single, "Gonna Fly Now," an arrangement of the theme from "Rocky" is the first big band hit in many years.

Members of Kirtland Community College's Community and College Events Committee are thrilled that a performer of Ferguson's stature is appearing locally.

Advance general admission tickets are available in the bookstore and in the library at Kirtland Community College. Series tickets are still available until October 1, at an adjusted price. For more information call 275-5121.

Service Officers Conference

Pre-registrations pouring in forecast another standing-room-only turnout for the 18th Annual Service Officers Conference that has set the pattern for other service seminars throughout the states.

This time the September 27-28 Conference weekend at Prudenville, Michigan, is attracting a platform of dignitaries and guest speakers bigger than ever.

Heading DAV officials congregating at the Johnson Motor Hotel conference headquarters will be National Commander Stan Pealer of Holts Summit, Missouri.

In from Washington will be Norman B. Hartnett, DAV director of service, and from Cincinnati, John P. Charlton, director of membership and volunteer services. Boniface Maile, National judge advocate, of Detroit, and Jack Hicks, National Foundation representative, of Ohio, will also attend.

Also contributing importantly in the DAV service staff's team presentation to chapter service officers will be Richard Tuttle, chief of veterans services, of the Detroit regional office of the Veterans Administration.

Others on the program will be Frank Schmidt, director of the Michigan Veterans Trust Fund; Richard Oele, representing the Veterans Facility at Grand Rapids, and James Stephens, director of the VA Medical Center at Allen Park.

CARD OF THANKS

I would like to thank everyone for their prayers and concern while I was a recent patient at Mercy Hospital.

A special thanks to the doctors and staff for the excellent care I received.

Sincerely,
Charles Fick

Bielski-Wright Vows Spoken

In a ceremony of simple elegance and exquisite beauty, Miss Marcella Anne Bielski, daughter of the Reverend and Mrs. Richard Joseph Bielski (formerly of Grayling), and Mr. Peter McBride Wright, son of Mr. Norman Hall Wright of Valley Center, California, and Mrs. Catherine Wright of St. Johns, Virgin Islands, were united in marriage on Friday, the fifteenth of August. The service was held in the sanctuary of the Lavonia First Baptist Church of Lavonia, Georgia in the evening with the father of the bride performing the double ring ceremony. Lighted tiered arches of ivory candles filled the choir loft and pulpit area. Arrangements of ferns and palms complemented the candles. The musical selections were "The Wedding Song," "The Wedding Prayer" and a long time favorite hymn of the bride entitled, "O Master Let Me Walk With Thee."

The bride, given in marriage by her parents, was escorted to the altar by her friend, Mr. Zack Daniel. She wore a lovely gown of candlemist woven polyester. Her bridal bouquet was a cascading arrangement of roses interspersed with fern and baby's breath accented with pink picot ribbon.

Mrs. Harley Rosenberg, long time friend of the bride, served as Matron of Honor, Little Miss Erin Wright, daughter of the groom served as Junior Bridesmaid. Mr. Joel Bielski, brother of the bride served as Best Man, and Master Jason Wright, son of the groom served as Junior Groomsman. Mr. David Irish and Mr. Wayne Irish lighted the candles and served as Ushers.

For her daughter's wedding, Mrs. Bielski chose a teal blue formal gown of Qiana and a white orchid corsage. Mrs. Wright chose a soft mauve gown of flowing chiffon and also wore a white orchid corsage. Her grandmother, Mrs. George Phillips wore a rose crepe gown and a white orchid corsage.

A reception followed the ceremony and was held in the Church Fellowship Hall with Gov. and Mrs. Ernest Vandiver greeting the guests. Immediately following the reception, Mr. and Mrs. Wright left for a secluded weekend in the mountains. They returned on Sunday for Worship at Lavonia First Baptist Church, then left on Monday for a honeymoon trip to Bermuda. They are now at home in Burbank, California.

Mrs. Marcella Wright is the granddaughter of Mr. and Mrs. Joseph Bielski of Grayling.

Volunteers Starting Ninth Year

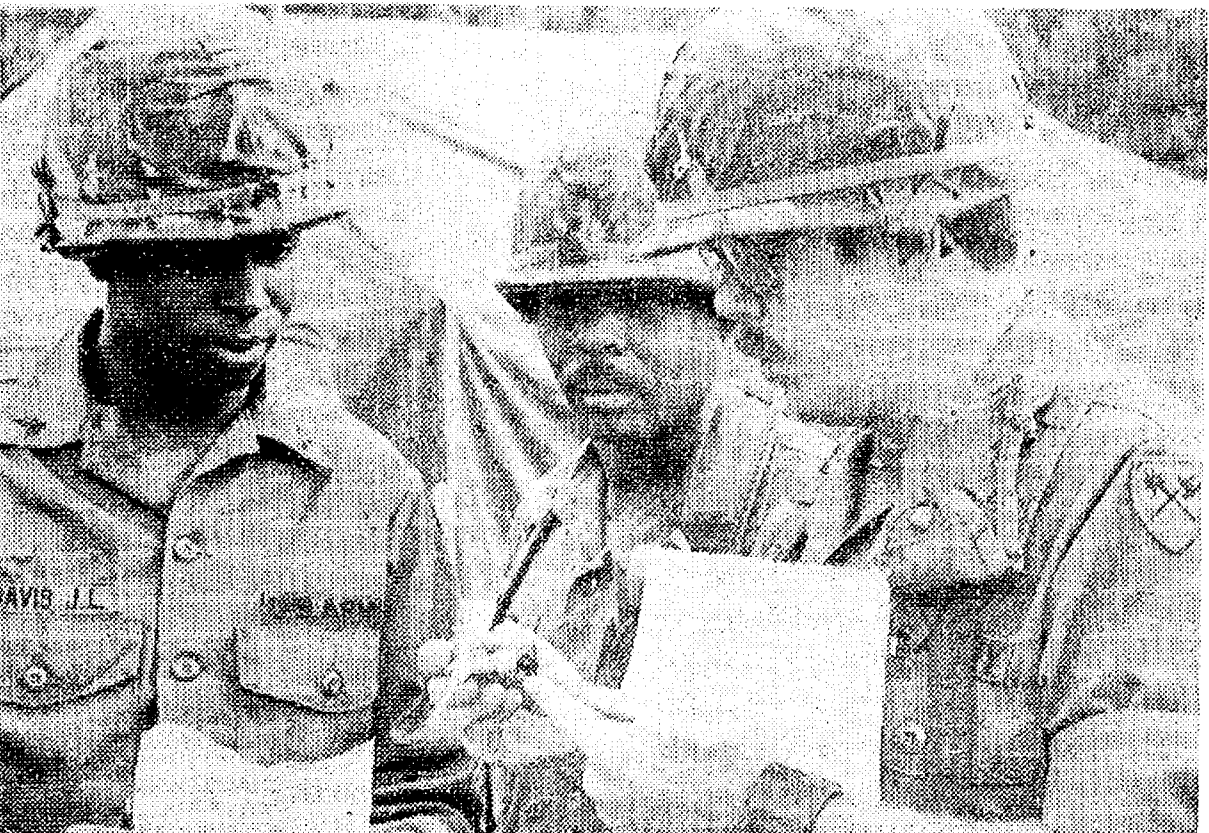

The Volunteer Aide Program is starting its ninth year in the Crawford AuSable Schools. We need your involvement to make the program a success again this year. Some of you who volunteered your time were not called upon to help last year, but this year there is an increased need for volunteers.

There are many things a volunteer can help with: Assisting the classroom teacher by helping individual children, correcting papers, bulletin boards, etc. Helping the remedial reading teacher on a one to one basis with children, etc. Library aides are needed to mend books, arrange shelves, sort materials, etc. Especially busy day aides for school pictures, vision and hearing tests, etc. Lunchroom aides are needed for one hour daily to help the lunch hour run more smoothly; help seat children, open milk cartons, etc. Playground aides are needed for one hour daily to help supervise the playground. Special materials aides to make posters and do small art projects.

If you enjoy working with children and have an interest in their education—we need you. The amount of time you spend volunteering is up to you. You may help out on a weekly basis with one or more students or come to help on an especially busy day or help supervise the lunchroom or playground when you have the time. Become involved today. For more information about the program or to sign up call: Cheryl LaDuke at 348-7641 ex. 52.

Task Force In Training Exercise at Camp Grayling

Rapid Deployment.
These two words are getting more and more attention in national defense circle, and with good reason. In event of an emergency anywhere in the world, we must be able to respond NOW!

To deal with this possibility, the Defense Department has established the Rapid Deployment Force. Currently, one of RDF's units, the 4th Battalion, 37th Armor with attached units, all from Ft. Knox, KY's 194th Armored Brigade, is living the official definition of the Rapid Deployment Force—“Establish and maintain a combat-ready unit for emergency deployment worldwide.” Task Force 4/37th Armor, with 800 soldiers, arrived at Camp Grayling, on 16 September to begin an intensive month-long training exercise dubbed, “Spartan Fall.”

Lt. Col. Rae Dehncke, Task Force Commander, summed up the exercise's objectives by pointing out the similarities between “Spartan Fall” and a call to deploy for the “real thing.”

“This exercise gives us the opportunity to practice our alerting procedures, loading plans, and immediately making a 600-mile major road movement. After arriving at Camp Grayling, we will draw pooled equipment and move immediately to the field to exercise our tankers, infantry, artillery and support personnel. This battalion must be able to deploy and fight on very short notice and exercise “Spartan Fall” gives us the opportunity to evaluate our readiness to accomplish that mission.”

Dehncke concluded by stating, “Camp Grayling is an excellent armor training area because it is located within a reasonable distance from Ft. Knox, has good firing range facilities, including Tank Table IX, and offers an unfamiliar maneuver area of sufficient size to conduct a battalion task force tactical exercise.”

The carry out the Colonel's objectives, Maj. Peter Manza, S-3 of the 4/37th, detailed the training planned for the Task Force on this 100,000 acre training site in Northern Michigan. “Our major tasks are to successfully complete tank gunnery Tables VIII & IX and undergo formal Platoon and Battalion Level ARTEP (Army Training and Evaluation Program) tests. The training status of our units, the excellent morale of our soldiers and the excellent training facilities

available here at Camp Grayling should allow us to realize all of our exercise objectives.”

Manza explained the Task Force organization: Present for duty is the 4th Battalion, 37th Armor with Headquarters and Headquarters Company, A, B, and C Companies and Combat Support Company; A Company, 4th Battalion, 54th Infantry (Mechanized) and the 3rd Platoon, 522nd Engineer Company (Combat) (Corps). In all, this

totals 800 soldiers, 104 wheeled vehicles and 80 tracked vehicles.”

Advance Party personnel arrived at Camp Grayling during the week of 7-14 September with the Main Body arriving during the late afternoon of Tuesday, 16 September. By early Wednesday morning, 17 September, all elements of TF 4/37th were training. hard-training for that possible moment Rapid Deployment.

Travel Series Begins Thursday

Gala Panamanian Evening Planned in Grayling

On Thursday evening, September 25, the Grayling Community School Program will open their Eighth Annual Travel and Adventure Series with an exciting, full-color, true-life adventure of the country of Panama.

The film, which will be narrated in person by nationally recognized photogra-

pher Bill Kennedy, will begin at 7:30 in the Grayling High School Auditorium. Pre-travelogue entertainment will be provided by the Original AuSable River Dixieland Band.

Also joining in to help make the evening a memorable one for Grayling travelogue goers will be the Grayling Holiday Inn.

Beginning at 5:00 p.m., a specially prepared Panamanian dinner will be served in the Holiday Inn Dining Terrace. Included in the menu will be both chicken gumbo and bean soup/pasole which is hominy and roast pork, lime chicken, Teddy Roosevelt Beef Ragu, scalloped potatoes, lima beans in tomato sauce and the complete Holiday Inn salad bar.

This fine meal will be offered at special prices, \$5.25 for adults, \$4.00 for students and senior citizens and \$3.00 for children twelve and under. Persons who are owners of this year's Passports To Adventure will receive an additional dollar reduction in the price of their meal.

In addition, transportation will be provided from the Grayling Holiday Inn to the Joseph Stripe Auditorium and back again for those who are holders of the Passports.

"High To Panama" will be the first of a series of 6 travelogues to be presented by the Grayling Community School Program as part of their ever expanding efforts to bring the facilities and services of the local school district into greater use by the residents of the community. Season tickets to the entire series are presently available at the Community School Office.

Known as "Passports To Adventure": each ticket is good for six admissions which may be used any way that is convenient with the owner. Each "Passport" is also good for a one dollar reduction in the price of six different ethnic meals to be provided at the Grayling Holiday Inn as well as transportation from the Inn to the travelogue and back again.

"Passports To Adventure" which sell for \$10.00 will also be available at the door as will the single admission tickets which are \$2.50. Senior Citizens and students may purchase "Passports" for \$7.00 but there is no reduction in the single admission price. "Passports To Adventure" will also be available at the Holiday Inn Thursday evening during the ethnic dinner.

The Almanack

It's tough to stop spending

RICHARD MILLIMAN

Here's a riddle for you:

Why is it so easy to cut government taxes, yet so difficult to cut government spending? I mean, almost everyone, especially during an election year, has some sort of tax cut program; but almost nobody, unless forced to the wall, has spending cut programs.

For example, the November ballot here in Michigan will have three different "tax cut" proposals placed before the voters. Two of them, however, are really tax shifts instead of tax cuts, regardless of what they're called; only the third proposition, the Tisch proposals, would be a tax cut.

Other tax cuts are floating all over the place, on all levels—local, state and national. But very few if any spending cut plans are put forth with any degree of enthusiasm. And then the spending cuts are proposed only after the money has run out, or threatens to run out; or occasionally they're paraded before the public as a horrible example of what might happen is something like the Tisch proposal is ever adopted.

What happens, of course, is that governments' spending programs build up strong constituencies over a short period of time, and any attempt to disturb the status quo is met with considerable resistance.

How and where to cut spending is one of the real quandaries of government at any level. It's impossible to cut government spending without creating unhappiness and opposition somewhere.

One of the genuine and oft-ignored truths of government is this: You can't realistically cut taxes without reducing government services somewhere. You can't realistically cut taxes without cutting spending. And you can't realistically cut taxes without cutting spending without making some people unhappy.

Cutting government spending is not a popular thing to do; cutting government taxes is popular. But we simply add to our problems if we cut taxes without cut-

ting spending, too.

One of the big disappointments of the first few weeks of the presidential campaign has been the level to which the rhetoric has descended on all three sides.

The early-September campaigning of candidates Reagan, Carter and Anderson bore the earmarks of a three-way hog wallow.

The saddest part of the whole development is that it's not necessary. There are so many real and vibrant issues to discuss that to deal in insults and innuendos and campaign slop is almost tragic.

Let's hope they all improve.

If the media wonders why it falls into disrepute sometimes, it should simply inspect its own conduct. The way reporters work sometimes not only insults the news sources, but the readers and viewers, too. The recent political convention were replete with examples.

My favorite example of irresponsibility came from one of the highest regarded (and highest paid) newsmen in the country, Dan Rather of CBS.

Cornering political leader John Connally on the convention floor in Detroit, Rather thrust a microphone into Connally's face and asked: "Isn't it true that the extreme right wing is in control of this convention?" Thankfully, Mr. Connally showed considerable more taste and class than did Mr. Rather.

An episode such as this lowers the esteem of the press in general in the public mind. Frequently media people underestimate the intelligence and sensitivities of their readers or viewers.

Some closing Nuts and Jolts from Hod Shewell:

—When they mint a coin with Mr. Carter's face on it, they'll have to put one on each side.

—Government may indeed be making the rich richer and the poor poorer; it sure leaves a mess for Mr. In-Between.

—This summer's sunburn was not very a-peeling.

Careful Planning Can Save Money on Home Frozen Food Storage

by Merrily Lacasse, Ext. Home Ec.

If your family likes frozen beans and won't eat canned ones, you won't save much money by canning beans this summer.

But if the extra cost of storing frozen food worries you, careful planning can help keep energy costs from running away while you enjoy your frozen beans.

Start saving money by buying the most energy-efficient freezer available. In spite of its higher initial cost, it can save enough on electricity bills to pay the difference. Good insulation and a tight door seal are evidence of the better design that keeps energy costs down even though they might mean a higher purchase price.

Look for the Energyguide label on new appliances that tells how much energy a new freezer will use. If there is no Energyguide label on the appliance, ask the salesman for information on energy use.

How large a freezer should you buy? One rule of thumb calls for an average of six cubic feet of storage capacity for each person in your family. If you freeze large quantities of food from your own garden, you may need a larger freezer. If most of the frozen food you store is bought from the supermarket, you may need less space.

Where you put your freezer will affect its energy efficiency. Find a sheltered, cool, dry place away from a heat source but where the temperature doesn't go below freezing in winter. Ideally, the temperature around the freezer would be 40 to 60 degrees F. Freezer motors like automatic engines function less efficiently at lower-than-freezing temperatures. Dampness causes rust and wear on freezer parts.

A freezer maintains its cold interior by tracing heat from the inside of the box and exhausting it to the outside. Unless that heat is ventilated away from the freezer, the motor must work extra hard to exhaust heat. The extra work takes more energy and causes more wear.

Most studies say that a full freezer is more efficient than a half-filled one because empty spaces fill with warm air when the door is opened. Fill those spaces with ice or with clean milk cartons filled with water to make ice for your picnic chest. Bread makes a good filler because its low density allows it to freeze fast.

Organization is another

New of Good Things Growing...

Ah, that tempting aroma of delicious hot apple pie. From the state where good things are growing, Michigan's new crop of apples is now entering markets, ready for all your favorite apple recipes.

Good weather conditions have helped make this year's apple harvest the second largest in the century, and the fourth largest ever recorded. With an estimated 900 million pounds, our state ranks third in total apple production again this year, according to the Michigan Department of Agriculture.

Jonathans, excellent for eating out-of-hand, rank first in Michigan and the nation in volume. McIntosh, ranking third in the state, are the most aromatic. Other varieties grown in Michigan include Red and Golden Delicious, Cortland, Rome Beauty, Idareds and Paulareds. Paulareds, excellent for almost any recipe, were introduced about a dozen years ago.

Apples which ripen during summer months don't usually keep as well as fall apples and are quickly sent to market. Fall harvests are easily stored through the use of controlled atmosphere, enabling consumers to purchase fresh apples throughout the winter months. CA rooms are sealed airtight at temperatures of 30-32 degrees. Then oxygen content is reduced and carbon dioxide is increased to slow the aging process.

When shopping, look for firm crisp Michigan apples free from bruises or marks. Store in the refrigerator to retain freshness and use within a week or two.

For a free copy of "Country Carousel," a guide to pick-your-own farms and roadside markets for apples and other fruits and vegetables, write the Michigan Department of Agriculture, P.O. Box 30017, Lansing, Michigan 48909.

La Leche League To Meet

If your family is awaiting the arrival of a new member, the Roscommon La Leche League meeting: "Baby Arrives; The Family and the Breastfed Baby," may interest you. Informal discussion will center on how to manage those first hectic weeks with emphasis on the entire family as well as timely tips for the nursing mother and baby.

The importance of breastfeeding is stressed, not as an end in itself, but as an integral part of the whole human relationship.

The meeting will be held on Thursday, October 2 at 7:30 p.m. at 6831 Rhodes Rd., Houghton Lake. Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Any woman interested in breastfeeding is welcome; nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431 or Gayle Willett at 275-8385.

Gen-Tel Completes Grayling Project

General Telephone Company announces the completion of an installation project costing over 14,000 dollars. The project consists of the addition of new switching equipment to their Grayling exchange.

The work involved the addition of 100 new rotary telephone lines to existing facilities. The lines are primarily used by business customers who desire one number identification for multi line usage.

The work was necessary to take care of the Grayling area projected growth.

Chamois Care

Soften up a stiff chamois by soaking it in warm water to which a spoonful of olive oil has been added. The chamois will come out soft and clean.

Child & Family Services

You may have many questions and concerns when you or someone you know faces an unplanned pregnancy and you may want someone to help.

Whether you're married, single, or divorced, regardless of your age, you may want someone to talk to about your pregnancy. Child & Family Services provides personal, confidential, and professional counseling.

Whatever the decision. Whether you choose to parent the child, decide to release for adoption, or to follow through with terminating the pregnancy, we will help.

If you continue the pregnancy, we guide you in obtaining financial, educational, and vocational resources, and help you plan for yourself and the baby. Good medical care is essential and emphasized. If you choose not to remain at home, other living arrangements can be made.

If you decide on adoption, we also help with the legal procedures. Foster care services are available if you need more time to be certain about your decision. Our adoption services ensure your baby of a loving family awaiting a child.

If you decide to parent your baby, we provide information on child care and health needs. Parenting classes may also be available.

In whatever decision you choose, we will take the time to listen and talk with you. Child & Family Services of M., Inc. is located at 115 Water Street, Alpena, Mi. Our telephone number is 517-356-4567.

EDITOR'S MAILBOX

Dear White Pine Stampede Helper,

Some of you might have heard rumors that the White Pine Stampede was going to be relocated to Mancelona. It is official now, and before the news hits the press, I would like you to be the first to know about it officially. I think you deserve this as a reward for your local support of WPS.

You are also entitled to hear the reasons for this move. For about two years now, Hilton-Shanty Creek and Schuss Mtn. resorts near Mancelona expressed their wish to stage WPS near and on their property. The advantage of having WPS there is mostly publicity. As I learned during my stay at Lake Placid Winter Olympics, the WPS is known and respected throughout all skiing states of this nation.

Shanty and Schuss are having their Bavarian Festival the first week of February. Their lodging, dining and other facilities are booked full in advance. Hence, the WPS participants and spectators will have to look for accommodation elsewhere. Grayling and Frederic are the most likely spots, because anyone going to Mancelona will have to go through Grayling or Frederic, each conveniently located on I-75.

The WPS committee consists of four members from Mancelona, the original group formed four years ago and myself. Taking the race from Grayling and Frederic was a hard decision for me to make.

For the last three races since 1977, the DNR was helping us in the trail grooming. The WPS committee and myself are very grateful indeed to DNR and particularly Bob Borak-Regional Director, for letting us have the grooming equipment. Last year the DNR had to discontinue their support because of budget cuts. They, nevertheless, had made WPS a reality.

Without trail grooming there can be no race. My efforts to find equipment last Winter were in vain, until Hanson Hills Recreation Authority informed me that they just bought a groomer. To me it was like a God-send. You know what happened to this "God-send". My letter to you in the Crawford County Avalanche of March 1980 explained it well.

Faced with the prospect of no grooming facility in 1981, I reluctantly consented to relocate WPS to Mancelona's Shanty Creek and Schuss, where grooming facilities are offered.

Another reason for the move is growth. 200-300 races could be handled by a group of part time, dedicated, workers. If the race is to grow to 1000 and over, full-time paid professional help is needed in addition to volunteers plus electronic devices, computers etc., etc.

It looks like WPS is going to grow with increasing popularity of foot racing in general and cross-country racing and touring in particular. Hilton-Shanty Creek sent 300,000 publicity brochures all over the U.S. publicizing the WPS and spent \$25,000 building a new trail for our race. I inspected their work last week and was very impressed.

What is this to you? You are still welcome, in fact, needed, to make this race of ours a success. Hilton-Shanty or Schuss Mtn. are not able or even willing to take control of the race. We will be independent of them, benefitting from their facilities and paying them back with publicity from the race. The success of WPS still depends and will depend on volunteer work of yours.

Thanks for your support again and hope to see you all in February 1981.

Gustaw Konopnicki

To the Editor:

I've been reading in the paper about AIS wanting to build here, as I heard Provincial Nursing Home did at one time but seems there is always a question of property.

Gaylord Provincial Nursing Home is located in a very beautiful residential area, near town and hospital. Those who are able to get outdoors and walk do so and as far as I know have done no harm.

I think the people who must be placed in these homes should have a home environment. There are others at Provincial Home in Gaylord from Grayling. They need nursing care the family can't give them but still can't be in Mercy Hospital as they are able to be up, dressed, use walkers, wheel chairs, go to dining room to eat, go sit outdoors, but they do need nursing care 24 hours. These older ones have lived in

Grayling all their lives, paid taxes, help build the churches, hospital, schools, and now have to be located out of town from family and friends. They don't understand why family and friends can't come and visit often, they don't realize the price of gas.

I realize it isn't all the people in Grayling's fault. The government and state have to help with the financial part, but if schools and hospitals get it, why don't some one try for homes for the ill.

Nursing care like for my father isn't done in Foster Homes or Grayling hospital and I'm unable to do it. It isn't because I don't want to as it is the same with other families.

I know many feel as I do and getting very disgusted, when our government and towns seem to help the younger generation with all the ADC and Welfare help after we had to and still have to work so hard to pay all our insurances, doctors, dentists, glasses, hospital bills. And if the bills aren't paid no one tells us if we can't pay them the government or whoever will.

Why should they work, if they can get help and it's getting worse. I've heard the remarks myself "I get more by not working" and I'm sure others have.

But what I want to know and would like answers and reasons about homes for the sick and old from our town-we all pay high taxes to help the younger ones-why not for sick.

Attention: Captain Tim Everett

Dear Sir:

I read your article in the Crawford County Avalanche regarding the noise caused by the helicopters and the "Nap of the Earth" training philosophy with great interest and interest.

As a past officer in the Michigan National Guard, I am cognizant of the training requirements to keep our guard in readiness. Also, I realize that the Department of Defense requires certain readiness capabilities. But, in the same token I feel that this article expects us to be naive enough to accept the reasoning behind all of the noise that the helicopters generate. Granted, Vietnam taught us that we were deficient in many training criteria and that we must correct these deficiencies. Yet, you want us to accept the fact that training should take place over residential areas, this I cannot believe.

I have a home at the south end of Lake Margrethe and all of the traffic that passes directly overhead cannot be for training purposes only. On the contrary, all I can see is a shuttle bus between the airport and the camp. If it were for the purpose of training, then why not travel a half a mile so that all north-east flying is on the other side of M-93? In addition, regardless of the training or not, the National Guard Aviation section must abide with the FAA requirements. As a pilot myself, I know that the FAA does not allow overpasses over populated areas of less than 1,000 feet, let alone tree top level.

I appreciate the motive behind your training and the responsibility of the Commander for keeping the men in readiness. But, now the noise and vibrations have been such that we cannot talk when the helicopters pass overhead.

We have been at our present location since 1942, yet this is the first time I have seen the guards not particularly caring about the people in the immediate area. You may give us lip service, but your actions read differently. We have called many times in the last several years; you have even established a flight pattern for them to follow, but no one cares about helping us or enforcing this flight plan.

I do not wish to have any confrontation or cause trouble but, if there is not any concentrated action taken by the guards regarding this matter, then I plan to see if we can start a class-action suit against the National Guard. We already have several people who are interested in such action. Also, it is about time that the National Guard take into consideration the residents as being a part of the state; remember you are

here to train for our protection, not to drive us away from our homes or to lower the value of our investments due to your actions. Lets train our guards in the best manner possible, but not use that as an excuse for problems that you cause.

Sincerely yours,
Donald C. Williams

Thank You!

You Wonderful Blood Donors!

You Did It Again! One Hundred and Six of you came last Wednesday to the American Legion Hall to donate a pint of your precious blood to help save someone's life!

Eight of you came for the first time to give a pint of blood; two came to give their 61st pint, one his 52nd, and two their 43rd! But to all 106 of you, the heartfelt thanks of those unknown individuals whose lives you have helped to preserve!

You deserve to stand tall! The community is very proud of each of you!

Winter

(Continued from Page 1)

clearing will be less than our desired standard, and the result could be more treacherous driving for many motorists.

"A series of heavy snowstorms could be disastrous," Rogers declared.

A recent survey by the County Road Association showed that 44 of 57 reporting county road commissions have substantially reduced personnel since 1977 due to budget cuts. Eight laid off in excess of 20 percent of road crews. Three counties laid off a fifth of their work staff just this summer, Rogers reported.

In addition, 35 counties have significantly reduced equipment purchases this year, Rogers said.

"The necessary economies in equipment buying will mean that more old and unreliable trucks and plows will have to be used, increasing costs and risking more frequent breakdowns," Rogers said.

"At least nine counties had to cut pavement-sealing operations for lack of funds and this translates into more potholes next spring."

Sharply reduced revenues for road construction and maintenance result from decreasing gasoline and diesel taxes and lower license plate fees. Coupled with these declining tax revenues are steadily rising costs for labor, equipment, and materials, putting road commissions in a double-edged squeeze.

There are 89,000 miles of county roads in Michigan, including many primary arteries which carry as much traffic as state trunklines and freeways.

Kalkaska's Arts and Crafts Festival Ready

Over eighty participants have registered for Kalkaska's Arts and Crafts Festival. The doors of Kalkaska High School will be opened at Saturday, Oct. 4th, 8 a.m. for the participants to set up their displays.

A Continental Breakfast will be available for those who wish to be refreshed before they start the long day. The door will be open for spectators at 10:00 a.m. until 5:00 with a luncheon served at mid-day.

There will be several demonstrations during the day when artists will be painting with different media and craft people will be working with wood, clay and weaving or crocheting material.

District Court

The following people appeared before Judge Francis L. Walsh in 83rd District Court last week:

Dwight Howard Seaman, 27, Rapid City, pled guilty to a charge of Bringing Contraband into County Jail, a misdemeanor. He was sentenced to 45 days and probation for 12 months.

Charges of Possession of Phenobarbital-2nd offense and Resisting an Officer, were dismissed on a motion of the Prosecutor's Office against Jack Dennis Gregory, 38, of Fraser.

Phillip J.R. Fauth, 17, Grayling, pled guilty to a charge of Larceny of Property of a value under \$100 and was fined \$150 or 15 days and placed on probation for one year.

William Henry Walker, 20, Grayling, pled guilty to a charge of Assault and Battery and was fined \$85 or 10 days.

Jerry Lynn Creel, 23, Magee, Mississippi, pled guilty to a charge of D.U.I., and was fined \$305 or 30 days. His driving privileges were suspended for 90 days in Michigan, but he can drive to and from work.

Archie Phillip Reno, 21, St. Ignace, pled nolo contendere to a charge of Reckless Driving and was fined \$105 or 10 days.

Senior Citizen Homemaker Service

Homemaker Services are available to Crawford County Residents 60 years of age or older who are handicapped. Handicapped is defined as the inability to perform daily household tasks. There is no charge for this service, however, if you can afford to pay, we do accept donations. We have a government approved fee scale for your guidance. These donations allow us to do services for more handicapped people.

I have another bit of information concerning the plight of the Senior Citizen's health care problems.

But Older Americans have Medicare. Why should we be concerned?

Although persons over age 65 comprise 11% of the U.S. population, they account for 30% of the nation's health bill.

Older Americans are paying more in real dollars for medical care than they were paying prior to the enactment of Medicare in 1965.

Though it was supposed to guarantee 80% of older people's hospital and physician costs, Medicare now pays only 74 cents of every hospital dollar and only 55 cents of every physician dollar spent by the elderly.

One-half of all doctors do not accept Medicare reimbursement as full payment for services.

About one million older Americans are not covered by Medicare.

Only 3% of nursing home expenditures are financed by Medicare.

Ninety-eight percent of the elderly's costs of eyeglasses, 94.5% of their dental expenses, 86% of their drugs, and 51% of their nursing home care, are not covered by Medicare or Medicaid.

In 1966, Medicare patients had to pay the first \$40 per day for the 60th to the 90th days, and then doubles to \$80 per day thereafter. An elderly patient hospitalized for five months will have an out-of-pocket bill of \$4,800 a sizeable cost for any person in modest circumstances.

There must be some handicapped Crawford County residents that are in need of Homemakers Service in the area and around the city. So if you know of anyone who needs our services please call or have them call the Senior Citizen Center (348-9314) for more information.

Correction: an error was made in my article last week on the time that Tina will be at the Center to entertain you. The correct time is October 2, between 6:00 & 6:15 p.m. right after the evening meal. Be sure and make the correction on your calendar.

Hearing

(Continued from Page 1)

proposed rules on discipline, which prohibited any severe punishment to residents such as physical beatings, verbal abuse, or locking residents in closets, were a big improvement over the existing rules governing adult foster care facilities.

A proposed rule allowing discipline or restraint when necessary to prevent a resident from harming himself or other persons and property was too ambiguous for Russ Glascoe, of Central Lake.

"It's too interpretive," Glascoe said. "Who decides what amount of restraint is needed—the courts? To me, this rule is an insult to the license of an adult foster care home. If the Department of Social Services doesn't trust my judgment in handling threatening situations, they shouldn't have issued me a license."

James B. Quigley, Director of the Adult Family Care Licensing Division of the Department of Social Services, said, after listening to the public comments on the discipline rules, that of the 36 proposed rules, this one took the longest to write.

Health care rules also drew many comments from the group during the five-hour hearing.

Dan Rapson, of Sebewaing, objected to a proposed rule requiring prescription medicine for residents be kept in its original container and destroyed when no longer used. He said it is easier and safer for residents to carry medication to workshops in small pillboxes rather than the original container. Also, Rapson felt destroying the resident's medication after it was no longer required would be the same as destroying personal property, which is against federal civil laws.

Another area of concern was a rule stating residents should have access to a telephone. Joyce Sylvester, of Central Lake, said she was against this

rule from beginning to end. "If a resident makes a threatening or soliciting call, we're responsible for every call because the telephone is under our name," Sylvester said.

Overall, rules proposing additional forms and paperwork were opposed at the hearing attended mainly by licensed foster care home owners. Of the 36 proposed rules, covering ratio of responsible persons to residents, admission and discharge criteria, resident care, protection, discipline, nutrition, and hygiene, handling of resident funds and valuables, records, living space and fire safety requirements, only a handful received no comments.

Four more public hearings on the rules will be held in southern Michigan within the next two weeks.

Attends Graduate School of Banking

Madison—Randall R. Chapin, Northern National Bank, Grayling, was among those attending the 36th annual session of the Graduate School of Banking at the University of Wisconsin-Madison Aug. 11-22.

The school is sponsored by the Central States Conference of Bankers Associations from 16 Midwestern states. About 1,550 bankers were enrolled this year from 41 states, Puerto Rico, Honduras and Mexico.

To be listed as a graduate of the school, a banker must attend three of the annual two-week sessions at UW-Madison and satisfactorily complete extension problems between the resident sessions. A faculty of more than 100 instructors this year included bankers specializing in a number of fields, as well as lawyers, business executives, economists and college professors.

Herbert V. Prochnow, former president of the First National Bank of Chicago, is director of the school.

TREE PLANTED IN JERUSALEM—Mark Kibbe, son of Donald and Viola Kibbe, spent six weeks in Israel this summer with student volunteers working in a Kibbutz. While there Mark planted a tree in the Peace Forest located south of Jerusalem near the John F. Kennedy Memorial on August 18th.

Around the World With Steve Rison

EDITORS NOTE—This is part four in a four part series covering Steve Rison's Trip "Around the World."

My last morning in Memingen happened coincidentally to be the day of the centuries old yearly held "Fisherdag" (fisher day). This is trout fishing the likes of which would make a fly fisherman shudder in disbelief. There is a canal which runs through the town which is planted yearly with trout and every 5th year (this year) with a special big trout. On the designated morning at a certain time (8 a.m.) a signal is given and those fishermen belonging to a club holding a special license (formerly it was completely open) jump into the canal with large nets in an attempt to capture as many trout as possible including the biggie (this year 4 kilos/about 8 1/2 lbs.) which would make them Fisherdag King. All are encouraged in this rather cold, muddy endeavor by family, friends, what seemed like the whole town, scores of visitors and plenty of schnapps. The canal is later completely drained, cleaned, replanted and prepared for the next while the fish stories continue on.

I returned to Koblenz/Lahnstein to spend a couple of days with the family that had befriended and been so supportive of me while I was hospitalized. There I was able to

provide Edgar and Renata Peterson, two members of this fine family, with some addresses and directions to Grayling in that I convinced them that if they really wanted to experience a fine example of a small town in America - Grayling's the place! Thus, on their first trip to America which begins next month, they will include a week in Northern Michigan before my return. They, like me, are looking forward with unrestrained excitement to a beautiful September canoe trip down the AuSable. ...ah, a sunny afternoon floating downriver, a quiet sunset on the lake, and familiar faces on every corner—does it sound like I miss the ole place? You're right, I sure do!

Anyway, I'm now back in Rotterdam, Netherlands making my final farewells to my family here and to continental Europe as I prepare to board a ship for the voyage across the North Sea to England. The weather isn't supposed to be much better over there but I suspect I'll be warmed by the contacts with many fine friends there as I was here. I'm fired up to see my friends but equally fired up over the thought that I'll be home in just a month.

Now off to Britain!

Attend the Church of Your Choice

A LONG WAY

They've come a long way. They were married in this same church fifty years ago, when she was just twenty and he was twenty-two. Youth seemed eternal. Life promised a succession of sunny days.

But it wasn't to go on that way forever. Their first child died at birth. Then financial troubles, a business failure, the loss of a home when they couldn't meet the mortgage payments. Sometimes it seemed as if the clouds outweighed the sunshine.

But there were good times, too. Times of joy and laughter, success, wonderful children, wonderful grandchildren. Through it all, their faith and love for each other never faltered.

Throughout our own life, can we all say as much?

County Board of Commissioners Minutes

Regular meeting of the Crawford County Board of Commissioners held in the Courthouse in the City of Grayling on the 27th day of August, 1980.

Called to order by Chairman Mattis at 1:00 p.m.
Roll Call: Bidvia, Halstead, Mattis, Neilson, Nowak-Present.
Miller-Absent. Kitchen; absent until 1:30 p.m.
Invocation by Chaplain Halstead.

Visitors: Paul Lerg, Earl Sastamoinen, Hilma Sastamoinen, Richard Gildner, Paul Gildner, Don Geiss, Jan Cornell, Carolyn Sutfeld, Joe Wakeley.

Approval of minutes;
MOTION by Neilson, second by Bidvia, that the minutes of 8/12/80 be approved as printed. All Ayes. Carried.

Paul Lerg spoke to the Board at this time in regards to the proposed AIS home that will be placed in the Red Wing Terrace Subdivision. The other property owners present with him today are very concerned over this proposed home. He advised the Board of what it would cost this school district for each individual in one of these homes who is under 25 years of age, as they are entitled by law, to an education. He is also concerned over the violation of certain restrictions of that subdivision.

He & the others present wants this Board to know they are opposed to the placement of this home in Red Wing Terrace.

The Board advised all those present that there will be a public meeting on September 2nd at Mt. Hope Lutheran Church at 7:30 p.m. with the Mental Health Board, for all who are concerned over this matter.

Correspondence read & placed on file. Letter received from Grayling Township Supervisor Bernie Fowler in regards to the name of the Grayling Airport. A Resolution was read to the Board that was passed by the City Council & Mr. Fowler is suggesting that this Board pass same.

MOTION by Bidvia, second by Kitchen, to adopt the following Resolution; All Ayes. Carried.

RESOLUTION

WHEREAS, the Grayling City Council on April 5, 1948, passed a Resolution indicating the Grayling Airport ought to be named in honor of the memory of Charles J. McNamara, Jr.; and

WHEREAS, the Military Board of the State of Michigan was requested to designate said airport as the Grayling McNamara Airport; and

WHEREAS, it is in the best interest of Crawford County that all aeronautical charts & publications indicate the airport as open for general aviation use;

NOW, THEREFORE BE IT RESOLVED, that the Crawford County Board of Commissioners concur with the Grayling City Council action of April 5, 1948, to name the Airport: "Grayling McNamara Airport";

AND, BE IT FURTHER RESOLVED, that copies of this Resolution and copies of the City Council minutes of 4/5/48, be sent to the State Military Board; Michigan Aeronautics Commission, and the Federal Aviation Administration.

I DO HEREBY CERTIFY THAT THE FOREGOING RESOLUTION WAS ADOPTED BY THE FAVORABLE VOTE OF A MAJORITY OF THE MEMBERS OF SAID CRAWFORD COUNTY BOARD OF COMMISSIONERS, ON THE 27th day of August, 1980.

Lawrence Mattis, Chairman
Leo E. Lovely, County Clerk

COMMITTEE REPORTS:

Neilson reported on Crawford/Roscommon Soil Conservation District, also reported on R.C. & D.

Nowak also reported on the Health & Welfare meeting.

Commissioner Neilson also asked why there has been no rates posted at the dog pound. He has had many complaints regarding different prices there. Law Enforcement Committee is to look into this matter.

5 minute recess.
Halstead on Building & Grounds meetings; Read a Resolution to the Board from the Building Authority regarding projects being put out for bids.

MOTION by Halstead, second by Neilson, to accept this recommendation from the Building Authority & that any project exceeding \$10,000.00, it shall be put out for bids. Roll Call; All Ayes. Carried.

Commissioner Halstead advised the Board of the names of the 8 new employees at the Sheriff Dept.

Jan Cornell came before the Board at this time with a request for the County to cover the Housing Commission payroll this week as their funds have not come in yet. Board to act on this matter later in the meeting.

She also answered some questions from Commissioner Neilson in regards to Housing Rehab projects being let for bids.

Carolyn Sutfeld from the CETA office came before the Board & presented them with the modifications for the CETA Title II & Title VI for 1981. Updated the Board on the various agencies that have CETA slots at this time. Would like approval of these modifications.

MOTION by Halstead, second by Kitchen, to accept this modification of the Title II and Title VI from the CETA office. All Ayes. Carried.

County Clerk Lovely brought to the Board a letter from the Department of Management & Budget regarding the Co-op reimbursement contract for the Prosecutors office.

MOTION by Kitchen, second by Bidvia, to leave the matter of this contract tabled. Roll Call: All Ayes. Carried.

5 minute recess.

Treasurer Wakeley came before the Board with more information regarding to the audit of the Revenue sharing funds.

The County is in non-compliance with OHS auditing regulations as we have not asked the State for bid on the audit they did for us of 1977 accounts. He explained the procedures we need to follow. County Clerk Lovely told the Board that there are several matters going on at the Board's meetings that are not going through the Clerks office as they should be. He is supposed to be aware of all matters that go before this Board. The Chairman advised Mr. Lovely that his Deputy clerks these meetings & that he should be aware of everything through her. Much discussion followed & Clerk Lovely left the Board meeting. The Board would like the Treasurer to carry on with these bids as they pertain to Treasury business.

MOTION by Bidvia, second by Neilson, to authorize the Treasurer send a letter to the State, requesting them to submit a bid for an amendment to their 1977 audit they did for Crawford County. All Ayes. Carried.

Treasurer Wakeley advised the Board he will also ask that these bids be submitted to the Clerk's office.

More discussion on the duties of the various offices. Treasurer Wakeley asked the Board to consider purchasing a postage meter for County use. He advised them of the cost & the matter was referred to Finance. Also spoke to the Board about a conference he would like to attend.

Chairman read a letter to the Board regarding a Deferred Compensation program.

Halstead reported on an Airport Advisory Committee meeting he attended. They would like this Board to approve the new fee schedule for the Airport hanger & tie-down services.

MOTION by Bidvia, second by Kitchen, to approve the new fee schedule for the Airport as submitted by the Advisory Committee. All Ayes. Carried.

Discussion followed on the Road to the Airport being completed & having a dedication ceremony for this project. Commissioner Nowak to cover this matter for the Board.

Kitchen reported on Mental Health.

Finance report by Kitchen; a line item transfer to approve.

MOTION by Kitchen, second by Bidvia, to transfer \$600.00 from Jury fees to office supplies in the District Court budget. All Ayes. Carried.

Resolutions by Nowak: Resolution from Kalamazoo County read regarding budget reductions for Substance Abuse services for the coming year.

MOTION by Nowak, second by Neilson, to support this Resolution from Kalamazoo County. All Ayes. Carried.

Bidvia reported on Transportation; also reported on C.C. Housing Commission; & the Council on Aging.

Bidvia reported on the Manpower Consortium meeting he attended.

Commissioner Kitchen reported to the Board she had checked with the Treasurer on the cash flow for the County so as to cover the Housing Commission payroll for this payday & it is sufficient enough to cover it.

MOTION by Kitchen, second by Halstead, that the County cover the payroll for the Housing Commission employees for this pay period only & to be reimbursed by the Housing Commission for same. Roll Call: All Ayes. Carried.

As there is no further business;

MOTION by Nowak, second by Halstead, to adjourn;

Chairman Mattis adjourned the meeting at 5:00 p.m.

Lawrence Mattis, Chairman
Leo E. Lovely, County Clerk

Special called meeting of the Crawford County Board of Commissioners held in the Courthouse in the City of Grayling on the 5th day of September 1980.

Called to order by Chairman Mattis at 9:00 a.m.
Roll Call: Bidvia, Halstead, Kitchen, Mattis, Miller, Neilson,

Nowak-All present.

Invocation by Chaplain Halstead.

Visitors: Mike Hauxwell, John Hux.

Chairman Mattis advised everyone of the purpose of this meeting. as all are aware, is the recent developments in the AFSCME union negotiations. The latest meeting with the Union Committee members has not resolved the issue of a wage increase that the employees are asking for. Other issues have been resolved. Attorney Huss advised the Board to enter into an executive session at this time.

Time being 9:15 a.m.
MOTION by Kitchen, second by Nowak, to enter into an Executive Session in regards to legal counsel on Union Negotiations. Roll Call: All Ayes. Carried.

Regular session resumed at 9:45 a.m. per motion by Miller and second by Halstead.

5 minute recess.

County officials in attendance at this time were, Leo Lovely, Joe Wakeley, Ed Rutkowski, Tom Davis, Larry Hunter.

Attorney Huss advised everyone the position of the Board at this time. He answered many questions for all in attendance. He advised the County Officials of the result of the last Union Negotiation meeting, and these County officials feel there has been a mis-interpretation of what this Board offered to the employees, which has resulted in a vote to strike by all the employees. Attorney Huss advised these department heads of their position in the event of a strike by their employees. The Board has not reached any final decision yet as they wanted to meet with the department heads first & get their input.

Time being 11:20 a.m.

MOTION by Miller, second by Kitchen, to enter into Executive Session in regards to Union matters. Roll Call: All Ayes. Carried.

Regular session resumed at 11:30 a.m. per Motion by Miller & second by Halstead. County officials still in attendance.

MOTION by Kitchen, second by Miller, that the Board direct Attorney Huss to contact the AFSCME union representatives and setup another meeting immediately to try & resolve this issue. All Ayes. Carried.

MOTION by Nowak, second by Halstead, to authorize Attorney Huss to initiate any legal action he deems necessary to prevent this impending strike by the County employees. Roll Call: All Ayes. Carried.

Other matters taken care of at this time.

Commissioner Kitchen asked the Board to authorize the Register of Deeds to purchase the Itek reader printer for that office.

MOTION by Kitchen, second by Miller, to authorize the Register of Deeds to purchase, through a contract, the Itek Reader printer for that office. All Ayes. Carried.

Commissioner Halstead advised the Board that Greenville Construction Company is asking for a copy of the contract for the construction of the storage building. He was referred to Attorney Miles.

Commissioner Miller updated the Board on the purposes of the Insurance Audit that is being done & also advised them of a new procedure to keep track of insurance billings in the future.

Chairman Mattis informed the Board that he had been contacted by the Dial-A-Ride manager in regards to the sponsoring of a bowling team by the Dial-A-Ride system. The Board feels this is not a good way to spend taxpayers dollars.

As there is no further business to come before this Board at this time,

MOTION by Kitchen, second by Halstead, to recess this meeting to the call of the Chair. All Ayes. Carried.

Meeting recessed at 11:50 a.m.

Lawrence Mattis, Chairman
Leo E. Lovely, County Clerk

Called to order by Chairman Mattis at 9:00 a.m.

Roll Call: Bidvia, Halstead, Kitchen, Mattis, Miller, Neilson, Nowak-All present.

Invocation by Chaplain Halstead.

Visitors: Joe White, 4 Crawford/AuSable High School Seniors, Don Geiss, Jack Mason, Robert Lager, Milt Mills, Chet Johnston, Marty Brightner, Bernie Fowler, Vickie Kalmbach, Colonel Lippert, Captain Meredith, Mr. and Mrs. Ryan, Mr. Lund, Roy Spangler.

Approval of minutes;
MOTION by Bidvia, second by Halstead, that the minutes of the Board meetings of 8/27/80 and 9/5/80 be approved as printed. All Ayes. Carried.

Correspondence read & placed on file.

Sheriff Joe White came before the Board & reported on various items for the Board. Also is requesting the Board for possible funding of 4 of his men who will be terminated on 10/1/80, until the extension he applied for on these grants are approved. This matter to be brought to the Board at next meeting.

Commissioner Nowak reported on the Law Enforcement meeting; The ACO ordinance is being updated & they are posting a notice of charges at the ACO building.

Letter from Prosecutor Davis requesting the transfer of funds to the County Law Library.

MOTION by Kitchen, second by Halstead, to transfer \$2,000.00 from Appropriations to the County Law Library fund. All Ayes. Carried.

Minutes from several agencies placed on file.

5 minute recess.

Chairman Mattis updated the Board on the 13 member Board that NEMCOG had appointed for the Solid Waste Management plan act. He would like to have Commissioner Nowak replace him on that panel. Mr. Nowak to bring more info on this matter to the Board.

Jack Mason & Milt Mills, along with Robert Lager, a Director of a Halfway House in Petoskey came before the Board. They are requesting the County to help support a program for alcohol and/or drug problem people in Crawford County. At this time these people are being treated either at Petoskey or Traverse City Halfway homes with no financial help from this County. Mr. Lager presented the Board with a cost estimate on this program & a possible reimbursement type program.

MOTION by Kitchen, second by Miller, to refer this request to the Finance Committee for a recommendation. All Ayes. Carried.

Chairman advised the Board of the Mich. Northern Counties association meeting to be held here on Monday, the 15th.

Insurance report by Miller, a meeting is being setup with a Representative from the Consortium in Onaway on this CETA reimbursement for our Workmens comp. Carolyn Sutfeld from our CETA office was contacted to set this meeting up. Commissioner Miller also is recommending to the Board that we have a system setup whereby we submit a monthly payroll figure to our Insurance Company & then pay our insurance monthly according to the gross payroll.

MOTION by Miller, second by Neilson, to commence a monthly insurance report to the Insurance Company & then pay them accordingly. All Ayes. Carried.

Insurance Committee also feels we should wait until the first of the year to change insurances.

D. P.W. report by Bidvia.

Mental Health report by Kitchen; the AIS home matter has been placed on hold.

Union Negotiations by Kitchen; the strike by County Union employees has been called off. Another meeting has been setup for 9/16/80.

Finance report by Kitchen; Committee is still working on the 1981 budgets. Your Committee on Finance would respectfully submit the following as their report & do hereby recommend that the several amounts scheduled herein be allowed & that the Clerk of this Board be authorized to draw orders on the County Treasury;

MOTION by Kitchen, second by Nowak, that the report of the Finance Committee be approved in the amount of \$58,474.64, & the Airport bills in the amount of \$662.33, also be approved. Roll Call: All Ayes. Carried.

Personnel report by Halstead; read to the Board the news release on the last Union Negotiation meeting. The local radio station had reported the results of that meeting in error.

Building report by Halstead; updated the Board on the progress of the new building under construction. Also advised the Board that the roof of the Lottery & Secretary of State building is in need of repair.

Recess for lunch.

Meeting recommenced at 1:00 p.m.

Building report continued by Halstead; The Zoning & Building Director Rutkowski had submitted a new building fee schedule for the Board to consider. He is recommending this increase which was computed at 50% of the State's fees. Much discussion followed.

The Board members feel that this increase is not justified at this time. The local taxpayers are being taxed enough now & they should not be penalized just to make more money for the County. These fees are high enough now.

MOTION by Miller, second by Nowak, to table this fee schedule from the Building & Zoning Director. All Ayes. Carried.

Committee also received a quote of costs from Greenville Construction Company on the painting of the new building, gravel for parking lot, & sod for the riverbank. Discussion on other ways of having these items done. No action taken by the Board at this time.

Commissioner Neilson requested an update on the number of Attorneys the County is now paying for services. He has had several members of the Teamster's Union contact him in regards to having Union Negotiations without the presence of an Attorney.

Chet Johnston & Attorney Marty Brightner came to the Board at this time in regards to the formation of a Transportation Authority for Crawford County. Mr. Brightner explained how the Board would go

about establishing this Authority. Answered many questions for the Board. There is a need to contact the other units of government in the County, as two or more units are needed to establish this authority. There will be a meeting setup with the units on this matter.

Colonel Lippert spoke to the Board at this time in regards to the removal of several trees on private property near the Airport. The property owners who are effected by this were also in attendance. Much discussion followed as there is some confusion to the actual number of trees that need to be removed. Colonel Lippert stated he would pursue this matter further with the property owners & the Department of Aeronautics.

5 minute recess.

Finance Chairman Kitchen reported on the machine for the Co-op extension service. She had contacted Roscommon County & they will provide half of the cost for this machine. Roy Spangler to be here later in the meeting. Also has a line item transfer at this time.

MOTION by Kitchen, second by Nowak, to transfer \$300.00 from Purchasing Department, to line item special printing & binding in the Treasurer budget. All Ayes. Carried.

Chairman Mattis reported on the A-95 meeting he had attended, went over the projects that were approved.

Old business items gone over; Finance has no recommendation at this time on the purchase of a new copy machine for the County, as the old one needs to be sold first. Other items to be put on the Agenda for next Board meeting.

Chairman Mattis asked each Commissioner to express his feelings on the placement of the AIS homes in Crawford County. All Commissioners voiced their opinions at this time. Commissioner Kitchen to advise the Mental Health Board of these opinions.

Roy Spangler appeared before the Board & reported on a meeting he had attended. Also went over the cost of the Mimeograph machine they wish to purchase for the Co-op Extension service.

Finance reported on the area for the cost of this machine.

MOTION by Kitchen, second by Miller, to transfer up to \$825.00 from Commissioners budget, line item, mileage, to the Co-op Extension budget, line item, office supplies for the purchase of the mimeograph machine in conjunction with matching funds from Roscommon County. Roll Call: All Ayes. Carried.

Mr. Spangler thanked the Board for their assistance.

Several meeting dates discussed.

As there is no further business to come before this Board,

MOTION by Nowak, second by Miller, to adjourn.

Chairman Mattis adjourned the meeting at 4:15 p.m.

Lawrence Mattis, Chairman
Leo E. Lovely, Clerk
